

CURUFC – Our Data Protection Values

We are proud of our alumni and friends and want to stay in touch.

CURUFC and The University (Cambridge University Development & Alumni Relations - CUDAR) have a shared interest in and co-ordinated approach to their alumni and supporters. This statement explains how CURUFC handles and uses data it collects about its alumni, its friends, and its current and future supporters. The University has its own database and access to CURUFC's database, and both institutions also maintain other electronic and paper records. The University has their own data protection procedures. CURUFC keeps in touch with all CURUFC alumni and supporters, provides information on social opportunities to them and nurtures relationships with potential and existing donors.

Transparency

The records are used by CURUFC for alumni relations and fundraising purposes. These include publications, alumni surveys, appeals/campaigns and the marketing of alumni events. Communications may be sent by post, telephone or electronic means. Most records contain information on education, contact details, the constituents' career and other achievements. Contact and relationships with CURUFC since graduation and donations are also recorded. In some cases other data is added, such as data from external partners (see below); sensitive data you provide for a specific purpose (disability or lifestyle status for event management or updating of personal history for example); information about your family and other relationships; financial data; and information about your areas of interest and potential to support CURUFC and The University. We also use data from reputable public sources.

You are in control. If you have any queries, wish to restrict data processing or sharing including use for marketing or do not want to be contacted by CURUFC, please inform us (minimal information is always retained to make sure you are not contacted again inadvertently: name, year of Blue, college, matriculation and graduation details and date of birth.) Otherwise we will maintain your record in support of your life-long relationship with CURUFC. You will also need to contact CUDAR and your college separately if you wish to restrict data processing, sharing, marketing or contact. We will publish any changes we make to this data protection statement and notify you where appropriate.

Data Protection legislation requires us to check your preferences about marketing by electronic mail (e.g. – email and sms messages)
